

Lava Lamp

Mr. Duck

Supplies Needed:

- Large glass container
- Small glass container
- Water
- Cooking Oil
- Food coloring - 1 color
- Alka-Seltzer tablet

Instructions:

1. Fill large glass container $\frac{3}{4}$ full of cooking oil
2. Fill small glass container with water
3. Dump water into the cooking oil. Do not overfill the glass. The water should sink to the bottom.
4. Drop food coloring 10-15 drops into the cooking oil water mixture. The food coloring should also drop to the bottom of the glass.
5. Let sit for 2-3 minutes.
6. Drop 1 alka-seltzer tablet into the glass and watch the lava lamp start working
